

# Volunteer Testimonial

“Since volunteering for The Ivins Outreach Center in March 2017 I have come to appreciate a number of things.

The first being the needed, important and life affirming services The Ivins Outreach Center provides our community in fulfilling its mission to keep people in their homes.

The second is how valuable people find the service, kindness and friendliness of both the staff and volunteers of The Ivins Outreach Center. It continues to help them become less anxious and more confident in their often-challenging lives.

Lastly, The Ivins Outreach Center has provided me an opportunity to meet new friends. We listen, laugh and learn together as we drive from one appointment to another. Time well spent.”
